1. The assessment will encompass the following aspects of our service:
2. Evaluation of support and care requirements.
3. Identification and discussion of potential areas of risk.
4. Exploring the individual's personal preferences and priorities.
5. Presentation of the services we can provide.
6. Deliberation on the proposed care plan to be delivered by our service.

If the applicant is satisfied with the placement and funding has been secured, we will collaborate on a transition plan to ensure a smooth integration into our service.

ADMISSION TO THE SERVICE

Following the completion of the assessment process, we extend an invitation to the applicant to visit our residence. This visit serves as a valuable opportunity for them to personally acquaint themselves with our accommodations, interact with our dedicated staff, and engage with other Service Users. It's an ideal moment for any queries or concerns to be addressed and clarified.

To ensure that the transition is as seamless and comfortable as possible, we also

offer the option of a trial period before the applicant officially moves in. This trial phase allows individuals to experience life in our community, fostering a sense of familiarity and assurance. If the trial period is satisfactory for both the applicant and our team, we will collaboratively establish and confirm a move-in date that aligns with everyone's needs and preferences. We are committed to making this significant transition a smooth and positive experience for all parties involved.

Empowering Independence through Tailored Support

Our commitment revolves around the principle of person-centered care. We understand that fostering independence is not a one-size-fits-all approach, which is why we carefully plan and utilise individualised Care plans to guide our support.

Our dedicated staff team serve as mentors and facilitators, working closely with Service Users to nurture their self-confidence and aspirations for greater independence. Our overarching goal is to enable them to seamlessly integrate into the local community while maintaining a safe and secure environment.

Here are some of the ways in which we provide invaluable support:

1. **Tenancy Understanding:** We assist our Service Users in comprehending the intricacies of their tenancy agreements, ensuring they are well-informed and comfortable with their living arrangements.
2. **Financial Guidance:** Our team offers guidance on budgeting, bill payments, and the process of claiming benefits, empowering individuals to manage their finances effectively.
3. **Nutritional Well-being:** We promote healthy meal planning, help with grocery shopping, and provide cooking assistance, ensuring that our Service Users maintain a balanced diet that aligns with their dietary preferences and requirements.
4. **Domestic Upkeep:** We offer support in maintaining the cleanliness and organisation of their tenancy, creating a conducive living environment.
5. **Safety and Security:** Ensuring the safety and security of the property is a top priority. We educate Service Users on the importance of security measures and assist in their implementation.
6. **Employment and Volunteering:** We actively encourage and facilitate opportunities for employment or voluntary work, empowering individuals to engage meaningfully within their community.
7. **Education and Leisure:** Service Users are guided towards educational pursuits and leisure activities that align with their interests and goals.
8. **Healthcare Access:** We assist in registering Service Users with a GP and dentist of their choice, maintaining essential links with healthcare services to support their overall well-being.
9. **Medication Management:** For those requiring prescribed medication, we provide valuable assistance in managing their medications effectively and responsibly.
10. **Responsive Care:** We remain vigilant and adaptable to our Service Users'

changing needs, collaborating with other relevant agencies involved in their care to ensure a holistic and seamless support system.

11. Community Integration: We actively nurture and expand community links and relationships, creating a supportive network that enriches the lives of our Service Users.

Our approach to support is centered on a respect for individuality, ensuring that every Service User's unique needs and aspirations are not only recognised but also facilitated. Through this comprehensive and person-centered support, we aim to empower individuals to lead fulfilling and independent lives while being an integral part of their local community.

Creating a Safe and Welcoming Environment

Our commitment to providing a nurturing and comfortable living environment for our Service Users is at the heart of our service. We recognise the importance of maintaining our properties and adjacent gardens to the highest standards, ensuring they are conducive to the well-being of our residents.

Tailored Accommodations:

At Care Assurance Limited, there are a total of three services currently operating with a total of 25 beds across the group. Below details each of the services layouts:

Lavender Cottage and Cherry House:

These two services offer the unique feature of en-suite bedrooms for each Service User, complete with toilet, basin, and shower facilities. Additionally, communal spaces such as lounges, kitchens, and bathrooms are thoughtfully designed to foster social interactions and a sense of community.

The Ridgeway:

This service comprises 12 studio-flats, with 10 of them dedicated to operational beds. Two studio flats are utilised as office spaces on-site. The Ridgeway is designed as a 24-hour service with staff readily available to support Service Users in their care and well-being. This particular service caters to adults who exhibit a higher level of independence.

Personalisation and Responsibility:

We encourage Service Users to personalise their individual rooms, allowing them to create a comfortable and welcoming personal space that truly feels like home. Taking responsibility for one's living space is an integral part of our ethos. With support from our staff, Service Users are empowered to maintain the cleanliness and orderliness of their rooms.

Hygiene and Safety:

To maintain a hygienic and pleasant environment, we have established protocols for

periodic cleaning and sanitisation of communal areas. This proactive approach ensures that our shared spaces remain inviting, clean, and tidy.

Fire Safety and Emergency Preparedness:

Fire safety is of paramount importance. Our staff receive comprehensive training in fire safety protocols, and this information is communicated to Service Users during their induction and upon moving into our facilities. Regular fire drills are conducted to familiarise everyone with the procedures.

Each Service User is provided with a Personal Emergency Evacuation Plan (PEEP), detailing specific procedures tailored to their needs. This proactive approach ensures that everyone is well-prepared in case of emergencies, further enhancing their safety and peace of mind.

Our commitment to maintaining a safe, clean, and welcoming environment reflects our dedication to the well-being and comfort of our Service Users. By adhering to the highest standards of hygiene, safety, and personalisation, we aim to create a place where residents can thrive and truly feel at home.

Fostering Relationships and Fulfilling Aspirations

At our supported living service, we recognise the significance of family, friends, and advocates in the lives of our Service Users. We are committed to not only maintaining but also nurturing these vital connections to ensure the well-being and happiness of those we support.

Empowering Service User Choice:

All Service Users are actively encouraged to continue and strengthen their relationships with their family, friends, and advocates. We firmly believe that maintaining these connections can greatly enhance the quality of life and overall happiness of our residents.

We respect the autonomy of our Service Users, and their choices regarding representation from a family member, friend, or professional are honoured and supported.

Inclusive Involvement:

Family members, friends, and advocates are warmly invited to participate in care plan reviews and meet with our Registered Manager. This involvement allows them to actively contribute to the well-being and care of their loved ones and ensures that their perspectives are considered in the planning and provision of services.

Empowering Fulfilment:

Our primary objective is to empower each Service User to realise their aspirations and abilities in all facets of life. To achieve this, we are committed to:

- Facilitating access to a wide range of leisure, recreational, social, and employment opportunities, tailored to individual interests and preferences.
- Respecting and responding to the personal, intellectual, artistic, and spiritual values and practices of each Service User. This inclusive approach ensures that

every individual's unique identity is honoured and supported.

- Encouraging and assisting Service Users in maintaining and expanding their social circles, including offering support for personal and sexual relationships if requested.
- Supporting Service Users of all religious beliefs, practices, and cultural backgrounds. For those seeking spiritual guidance or belonging, we work in collaboration with local places of worship to facilitate access and provide transportation as needed. These needs are thoughtfully addressed during the assessment process and before admission to ensure seamless integration and support.

Our commitment to fostering meaningful relationships and nurturing personal aspirations is at the core of our mission. By actively involving family, friends, and advocates and promoting opportunities for fulfilment, we aim to create a supportive and inclusive environment where every Service User can thrive and lead a fulfilling life.
